SUMMARY

Full-Stack Software Engineer with hands-on experience across both frontend and backend development, building scalable web applications using React, Next.js, Node.js, and Express. Skilled in designing REST APIs, integrating databases with Mongoose/MongoDB, and delivering responsive, performant UIs in Agile environments. Certified Mendix Rapid Developer with additional exposure to low-code enterprise platforms and AI-powered tooling.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript
Frontend	React.js, Next.js, Tailwind CSS, shadcn/ui, HTML5, CSS3, Framer Motion, RTL/i18n
Backend	Node.js, Express.js, REST API Design, JWT Authentication, Middleware, Input Validation
Database	MongoDB, Mongoose, Schema Design, Data Modeling
State	Redux Toolkit, React Query, Context API
Tools	Git, GitHub, Axios, Formik, Yup, Stripe, PDF-Lib, Figma
Practices	Agile/Scrum, CI/CD, Performance Optimization, Component-Based Architecture
Low-Code	Mendix (Certified Rapid Developer)

PROFESSIONAL EXPERIENCE

Taqdum Software Technology — Full-Stack Developer | May 2025 – Present

- Develop full-stack features for Pupilera, a Next.js school management SaaS platform, owning both UI and API layers.
- Build accessible, responsive dashboard components using Tailwind CSS and shadcn/ui
- Integrate Redux Toolkit for global state and next-intl for full Arabic/English RTL internationalization.

Murashah — Frontend Developer (KSA) | Oct 2024 - Sep 2025

- Implemented accessible, responsive UI components in React to improve user flows and reduce development time through reusable components and custom hooks.
- Collaborated with product and design teams to translate wireframes into performant, pixel-accurate interfaces.
- Improved page performance and mobile responsiveness through code-splitting and optimization best practices.

SELECTED PROJECTS

HIRSTO — Integrated Health Platform - [Web Site](#)

- Developed front-end for telehealth workflows, e-prescriptions, and dashboards; coordinated with backend teams to integrate EMR features.
- Tech: React, TypeScript, Tailwind CSS, Framer Motion.

CVLogs — Resume Creator — AI Resume Generator - [Web Site](#)

- Designed a responsive resume builder with AI-powered suggestions and Stripe payments for paid downloads.
- Implemented PDF/Word generation and watermark logic.
- Tech: React, Tailwind CSS, Formik, Yup, Axios, PDF-Lib, Docx.

Sara7a — Node.js REST API - [Backend](#)

- Built RESTful backend for an anonymous feedback/Q&A platform with user authentication, post management, and role-based access control.
- Centralized error handling and request validation middleware across all routes for consistent API responses.
- Tech: Node.js, Express.js, MongoDB, Mongoose, JWT, REST API

Booking System — REST API - [Backend](#)

- Designed a Node.js/Express booking API with JWT authentication covering registration, login, token refresh, and route protection.
- Designed Mongoose schemas with validators and middleware that strip unexpected request fields before DB writes, preventing mass-assignment vulnerabilities.
- Structured project with MVC separation of concerns and environment-based configuration for local and production deployments.
- Tech: Node.js, Express.js, MongoDB, Mongoose, JWT, REST API

Snaidi — Educational Learning Platform - [Web Site](#)

- Developed AI-powered learning platform with assessments, analytics dashboard, gamification, and scheduling system with full CRUD operations.
- Tech: React, Context API, Custom Hooks, Admin Dashboard, AI Integration

MadrasaPro — Educational Platform - [Web Site](#)

- Developed Arabic RTL-friendly frontend, dynamic dashboards, and an interactive timed test system with save & flag features.
- Tech: React, Tailwind CSS, React Query, Axios, Formik.

E-commerce — Online Marketplace - [Web Site](#)

- Built a modular, responsive marketplace frontend focusing on UX and maintainability.
- Tech: React, Hooks, Tailwind CSS, Axios.

EDUCATION

Bachelor in Information Technology

Faculty of Computers & Information — Zagazig University

Graduated: 2023

Leadership Experience: Head of Student Union — Led cross-functional teams and coordinated initiatives with multiple stakeholders

CERTIFICATIONS

- **Backend Development Diploma** — Route Academy
- **Mendix Rapid Developer Certification** — Mendix
- **Agile Fundamentals** — Mendix
- **Low-Code Application Development Lifecycle** — Mendix
- **Frontend Development Diploma** — Route Academy
- **AI Career Essentials** — ALX Africa

LANGUAGES

Arabic (Native), English (Intermediate)
